Braunschweig

With around 250,000 inhabitants, Braunschweig is the largest city between Berlin and Hannover. Up to the present day, many historic buildings and entire streets bear witness of the significance of Braunschweig as a Hanseatic city and the residence of the Guelphs. Find a great variety of attractive shopping opportunities, restaurants and pubs and theatres and cultural venues. Most notably the Herzog Anton Ulrich Museum, one of the oldest museums of art in Europe. After seven years of construction work the museum will reopen in the late summer 2016. The Autostadt in Wolfsburg

AMAZEMENT, ENTHUSIASM, LEARNING AND ENJOYMENT

„People, cars and what moves them“ is the motto of the Autostadt in Wolfsburg: the 28-hectare theme and event park is all about mobility. People with a passion for motor vehicles visit Autostadt just as well as those with an interest in culture, fans of extraordinary events and enthusiasts of culinary delights. As an automotive experience world as well as a venue for culture and events, Autostadt is a popular destination for group trips.

A MULTITUDE OF OFFERS FOR GROWN-UPS AND KIDS

At the ZeitHaus, the most-visited automobile museum in the world, historic vehicles tell the tale of motor technology and design development. In the park of Autostadt, the Volkswagen Group brands present themselves in their eight own pavilions, each setting the scene architecturally and artistically for the respective brand philosophy.

For children, the newly redesigned family world MobiVersum offers many opportunities to learn and play. Those who prefer things to be a little quieter can drift off on a discovery tour of the Mittellandkanal on board FGS Havelland.

FOR EVERY SEASON. AN EXCITING DESTINATION

With its varying attractions, Autostadt keeps offering new experiences, making it an exciting destination for trips all year round. A very special visitor magnet is the cycle of seasonal stage productions at Autostadt: the summer highlight is the annual water shows which for over a month inspire thousands of visitors every day with their harmonic interplay between music, water fountains, lights and fire effects. In winter, Autostadt turns into a unique stage for fascinating ice shows and a large winter market where the aroma of Christmas cookies and mulled wine gets visitors in the seasonal mood.
